

11TH LIFE SCIENCES SYMPOSIUM 2010

GAIN THE KNOWLEDGE TO ACHIEVE OPERATIONAL EXCELLENCE

JUNE 16-17, 2010 – MONTPELLIER, FRANCE

Allen-Bradley · Rockwell Software

**Rockwell
Automation**

PANEL 1

| | |
|---------------|---|
| 9:00 – 9:20 | Registration and Reception Coffee |
| 9:20 – 9:45 | Welcome Speech Hedwig Maes, President EMEA, Rockwell Automation Robert Honor, Rockwell Automation, Vice-President, Rockwell Software |
| 9:45 – 10:30 | Successfully and Sustainably Improving Business Performance in the Life Sciences Industry by Applying Operational Excellence Dr. Valentijn de Leeuw, Director of Consulting, ARC Advisory Group Europe |
| 10:30 – 11:15 | Who Believes in MES? Bianca Scholten, Author of 'MES Guide for Executives, Why and How to Select, Implement and Maintain a Manufacturing Execution System' |
| 11:15 – 12:00 | A View Beyond Paper-on-Glass Padraig O'Keeffe, MES Engineer, and Ken Ure, Team Leader Production Execution System, Pfizer |
| 12:00 – 13:00 | Lunch and Table Top Exhibition |

Dr. Valentijn de Leeuw,
ARC Advisory Group Europe

Representative benchmarking studies on the application of Operational Excellence in the Pharmaceutical industries, have demonstrated that best in class companies applying Operational Excellence experience significantly improved business performance. Why is it that some companies are better at implementing Operational Excellence than others?

Bianca Scholten,
Author of *MES Guide for Executives*

Are you having trouble demonstrating to management what a Manufacturing Execution System (MES) is and what it can do for you? Or do you simply need to justify why your company even needs an MES? Perhaps you're the executive decision maker and just need some answers.

PANEL 2

| | |
|---------------|---|
| 13:30 – 14:00 | Transportation to sanofi-aventis |
| 14:00 – 15:00 | Implementation of Global Clinical Supply Chain Management and the Automation Solution in the New Chemical Development Pilot Didier Basseras, Director Clinical Supplies, and Dominique Fessard, R&D Information Solutions - Solution Director, sanofi-aventis |
| 15:00 | Onsite Plant Visit at sanofi-aventis |
| 18:00 | Transportation back to the hotel |
| 19:00 | Evening Event, Dress Code: Casual Surprise, Surprise |

Onsite Plant Visit

Sanofi-aventis will open its Montpellier R&D site to the attendees of the Life Sciences Symposium for a full afternoon. With approximately 1100 collaborators and a large panel of R&D activities, this R&D centre is one of 23 R&D sites.

The visit will focus on activities related to Clinical Supply Chain, Clinical Supplies and Pharmaceutical Development where Rockwell Automation® solutions have been or are being implemented.

The tour of the site will start with a short general presentation covering three main topics:

- An overview of the sanofi-aventis company, with a special emphasis on R&D and specifically the Montpellier site
- Implementation of Rockwell Automation RS PMX CTM solution for Global Clinical Supply Chain management in sanofi-aventis R&D: project, achievements and status
- Implementation of the Rockwell Automation process solution in the new Chemical Development pilot: project, achievements and status

At the end of the site visit sanofi-aventis will provide refreshments for all attendees.

DAY 2 JUNE 17TH 2010

To register visit: www.rockwellautomation.com/events/lssymposium

PANEL 3

| | |
|---------------|--|
| 8:30 – 9:00 | Challenges of MES in Biotech Larry O'Brien, Associate Director BT, Site MES Lead, Pfizer Biotech Campus |
| 9:00 – 9:30 | Are you Ready for Innovation in Electronic Batch Recording? Rockwell Automation |
| 9:30 – 10:00 | Implementation of Quality by Design and PAT within the Life Sciences Industry (Emerging Trends and Current Activities) Michael Voss, Senior Consultant, Chair of ISPE's Community of Practice PAT D/A/CH and PAT Data Management |
| 10:00 – 10:30 | Astellas's RS PMX CTM Guided Processing and Review System 'GPS' Henk Mollee, Director CTM Supply and Operations, Astellas Pharma |
| 10:30 – 11:00 | Coffee Break and Table Top Exhibition |

PANEL 4

| |
|---|
| Main Benefits of Working with a Main Instrument Vendor with Preferred Integration Capabilities into a Rockwell Automation System Michaël Richardot, Life Sciences Industry Manager, and Eric Miegerville, Endress+Hauser |
| A New Way to Treat High Water Content Waste Streams John o'Regan, CEO, SCFI |
| Biotechnology Process Efficiency based on the Implementation of ControlLogix Edwin Krowinkel, Area Manager, Applikon Biotechnology |
| Manufacturing Convergence – Rockwell Automation Solutions to Achieve Operational Excellence Rockwell Automation |
| Coffee Break and Table Top Exhibition |

“ *Inspiring. Great forum to create a vision for the future after the crises* ”

Plant Manager, Bayer Schering
(attended Symposium 2009)

“ *It is important to exchange experiences with colleagues* ”

Plant IT Manager, CHIESI Group
(attended Symposium 2009)

DAY 2 JUNE 17TH 2010

To register visit: www.rockwellautomation.com/events/lssymposium

PANEL 5

| | |
|---------------|--|
| 11:00 – 11:30 | Integrating MES and Automation – Bringing MES Functionality to the Shop Floor Robert Fretz, Head of Process Automation and MES, F. Hoffmann-La Roche |
| 11:30 – 12:00 | From Paper to Glass – The Path to Eliminate Procedural Deviations in Manufacturing Jerry Gonzalez, Business Systems Manager, and Daniel O. Triviño, MES Administrator, B. Braun Medical |
| 12:00 – 12:30 | Generate Added Value for Life Sciences Clients with a Strong Rockwell Automation Partnership Titus Krauss, Director Sales & Marketing, Systec & Services GmbH |
| 12:30 – 14:00 | Lunch and Table Top Exhibition |

PANEL 6

| |
|---|
| Track and Trace, Serialisation with High OEE Uwe Stroinski, Director Packaging Technology, Bosch |
| Trends in Automation in R&D Christopher Kummer, Business Development Manager, Life Sciences, Actemium |
| Implementation of a Process Automation System in an API Production Environment Paul Hopital, Engineering Manager, Oril Industry |
| Lunch and Table Top Exhibition |

PANEL 7

| | |
|---------------|--|
| 14:00 – 14:30 | Going Live - From SAP to RSPMX MES Joan Navales, Operational Manager, Esteve |
| 14:30 – 15:00 | Global MES Support and Governance Hernan Vilas, Global MES Operations & Projects, F. Hoffmann-La Roche |
| 15:00 – 15:30 | Coffee Break and Table Top Exhibition |
| 15:30 – 16:00 | Challenges of an Integrated Automation and MES Multi-Site Project Gianmarco Calderoni, IT Senior Manager, Eli Lilly |
| 16:00 – 16:30 | High-Productivity Recipe Authoring and Validation of Electronic Master Batch Records and Lessons Learned Jim Hemon, Associate Director Process Excellence Group, Boehringer Ingelheim, and Konradin Plate, President and Senior Solutions Consultant, KP MES Consulting |
| 16:30 | Closing Speech |

PANEL 8

| |
|---|
| Operational Excellence in Warehouse and Distribution Management Dr. J. Rod Franklin, Vice-President, Product Development, Kühne + Nagel |
| MES Benefits in a Regulated Medical Company Philippe Druart, Quality Manager, GE Medical Systems |
| Coffee Break and Table Top Exhibition |
| One Solution - One Single Control Platform - to Connect Production End-to-End Nicolas Letteron, Responsible Maintenance Formulation and Filling, Sanofi Pasteur |
| Saving Production Cost Implementing Rockwell Automation Solutions in Filling Lines Alfred Terés, Operations Director, DARA Pharmaceutical Packaging |
| Closing Speech |

tbc=to be confirmed

“ Absolutely worthwhile to share experiences and network to see how companies in the same industry sector manage their processes ”

Site Manager, Roche
(attended Symposium 2009)

“ Very useful content and talking to people from other companies with other experiences ”

QA Director, SOFARIMEX
(attended Symposium 2009)
